Plymouth to Fond du Lac: Public information meetings scheduled

Two public meetings have been scheduled to provide information and hear public comment regarding the Highway 23 corridor study. One meeting is scheduled for **February 12, 2003, from 5 p.m. to 8 p.m. at the University of Wisconsin Fond du Lac address and room number.** If you cannot attend the first meeting, a second meeting is scheduled for **February 17, 2003, from 6 p.m. to 8 p.m. at the Town of Greenbush Hall address** in Greenbush.

This is an opportunity to receive information and discuss the project with Wisconsin Department of Transportation (WisDOT) staff, Highway 23 Advisory Committee members, and local officials.

The meetings will feature displays showing land use, environmental areas, highway alternatives and other information.

WisDOT is working with East Central Wisconsin and Bay-Lake Regional Planning Commissions, local governments and the 18-member Highway 23 Advisory Committee to develop a long-range plan for Highway 23. Currently, Highway 23 is 4-lanes from Sheboygan to Highway 67 near Plymouth. Ultimately, the remainder of Highway 23 between Fond du Lac and Plymouth will be expanded to 4-lanes.

Revised Project schedule

February 12 and 17, 2003.....Public information meetings
Late Winter 2003.....Highway 23 Advisory Committee Meeting
Spring 2003.....WisDOT selects preferred alternatives
Summer 2003.....Public meetings show selected alternatives
